

An Innovative Programme to promote the employability and inclusion of youth with fewer opportunities in the labour market for a sustainable future

Project number: 2023-1-DE04-KA210-YOU-000153929

ABOUT THE PROJECT

The **3DBIZ4YOUTH** project aims to:

TARGET GROUPS

- Youth Workers/Volunteers and other professionals
- Young People with fewer opportunities (16+ years old)

- To strengthen the profiles of youth workers, trainers or other professionals with digital - 3D modelling
- Design and printing (3D-M-P) competences linked to social entrepreneurial skills, based on a comprehensive assessment procedure (eco-system of micro-credentials)
- To upgrade the key competences of Youth with fewer opportunities through the acquisition of 3D-P skills and to
- promote their access, inclusion and participation for a better career orientation.
- To promote 3D-P as a means for eco-friendly approaches to be exploited as part of social and digital innovation for sustainable development.

Co-funded by
the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

ACTIVITY 3

You can find the online portal of the 3DBIZ4YOUTH project here <https://platform.3dbiz4youth.eu/>

All the project's results and deliverables are now available on the online portal for youth workers and young people with fewer opportunities

FINAL TPM

The final transnational project meeting was organised on the 19th of March 2025 in Erfurt, Germany. It was a great opportunity to discuss the dissemination, exploitation and sustainability for the project!
